

## Mike Dimoff's TIP SHEET

### RACE 1

**HIGHS AND LOWS** - Highs and Lows is a horse that can come right back with a step up the condition ladder. He's had a start over the course and he isn't facing anyone extra tough. He won confidently and I'm feeling confident for him again.

**JAZZUNTA** - I stated last time that Jazzunta was not a one-time wonder. I don't know how he was 22:1 two back. He's a contender again today.

**BLUE BY U TOO** - She has decent enough late pace and she was closing quicker than Jazzunta when they last met. She should light the board blue.

### RACE 2

**POUR ONE MORE** - Why wouldn't we?

**WIDMO** - The jock is unknown to me but at least knows the horse. Widmo has been to the border once before which should help. I can say with confidence Widmo will be closing ground in the stretch and if things get too quick too early Widmo has an advantage that may be overlooked by some.

**CRYPTOGRAPHY** - Trainer Justin Nixon is 29% with first time starters and the dam has 4 winners from 5 foals to start so this horse would be no surprise to anyone.

### RACE 3

**FIRSTIMAGE** - Picking against MishMash bit me in the bald head last time so what have I got to lose? MishMash is the one to beat but Firstimage has a start to help matters today and it's expected to be fast. I think he has a chance to beat Mishmash.

**MISHMASH** - He ran tremendous for a horse on six days rest. It's tough to argue with his current form.

**POWER GRID** - Power Grid did the dirty work for a good winner in his last race. He drops to face easier competition today and is a threat to go wire to wire.

### RACE 4

**CHUVALO** - Taking a chance that the drop and dirt will make all the difference.

**VILIK** - Vilik was closing out of last place and ran a very good race behind a winner that just had a head start. If Vilik can stay a little closer in the first half mile he could be a strong presence when all is said and done.

**PAY THE BAND** - Best of the rest.

### RACE 5

**CHA CHA FOR NOW** - This is the third start of his fit cycle and his numbers are competitive. I'm going to give him a slight edge.

**TETHRA'S WORD** - You are going to get a little better price today but the question remains, will you get a better effort? I'm going to chalk up the poor result to the wet track but I didn't see anything inspiring in Tethra's Word last time in a race that she dominated on paper.

**BAILEY'S RING** - Just about got her done in that last race against a nice mare. It's possible but she is going to have to run hard again to win the 5th.

### RACE 6

**HOWWONDOFULITIS** - Yeah, it was a dull effort but the track was a mess and she was wide. She's better than that and I have to give her a strong look on a fast track.

**TITANIUM JANE** - First start of the year but the barn can have her ready and she has some nice morning works in tow.

**COMEONCOMEONCOMEON** - She has been a nice cheque earner and I like the fact that she is cutting back from a two-turn race in the slop to a preferred distance.

### RACE 7

**PRINCESS NATALIE** - She's a gamble but it seems like she should move up on the turf and I think she entered for the dirt just a couple of days ago so if she scratches and runs here the barn might be sending a message.

**ZEE BEAUTY** - She has better numbers plain and simple. For that reason I have to put her somewhere for the fact she will face easier company today.

**CALL TO SERVE** - I don't really care for her in this spot but how do you argue with what she's done at this track. Consider, however, that she has not been so good while running two turns and that's the case today. She has good turf stats on both sides of the family. Plenty to like but plenty to consider.

### RACE 8

**TOMORROW CAME** - City shipper has been here before which may help today. Slight edge.

**DREAM CRUSADER** - I might be sorry for not taking this horse on top. She has had excuses in recent races and today she gets more ground which should play to her advantage. You're probably looking at a nice price too. First round at the Tiki bar is on YOU!!

**PLAYMOBIL** - Last was easy but she crawled at a pace she likely won't see today.

**Most Likely - HIGHS AND LOWS (1st)**  
**Upset Special - SHER'S EXPECTATION (6TH)**
